

GrandEvolution is an original indie rock group from Southern New England. The band has performed live on **hundreds** of stages, and can be heard **worldwide** on all streaming platforms. Their discography includes seven full length albums, three EPs and various singles. With **influences** from alternative rock, pop, and folk artists, their sound is usually described as some combination of these. During pandemic lockdown, the band spent most of 2020 writing, recording, and completing their full-length album 'Glow', and are preparing to support it by releasing **music videos** and **live-streaming** performances throughout 2021.
